Kidnap Slayer Loses In Try To Halt Execution

WASHINGTON, Oct. 8. (U.P.)—For the second time today William Edward Hickman, youthful slayer of Marion Parker, 12 year old Los Angeles school girl, lost in efforts of his attorney to have execution stayed by justice of the supreme court.

Justice Brandeis refused to consider the plea of Hickman's attorney, Jerome K. Walsh, of Kansas City, after Justice Sutherland, who handles Pacific coast appeals, made a similar refusal earlier in the day.

The young attorney commented merely "I have nothing to say" when he emerged from justice

Brandeis' home here tonight. But his disclosure that he was going to lay his plea before Justice Willis Van Devanter later in the night revealed his failure. Consent of only one justice is necessary for an appeal filing of which would pave the way for a

White Way Asked For Twenty-Third

Twenty-third street from Pullman avenue to the northern city limits will become one great white way, if the plans as contained in a petition to the council last evening are carried out.

The petition as presented was signed by 34 property owners representing a street frontage of 3401.88 feet, and others. It is understood are ready to sign for the proposed improvement.

The plan is for a system of electrolights that will be manufactured by the Santa Fe foundry. There will be three lights to a block.

The work would be done under the improvement act of 1911 and

bonds would be issued to cover the cost of the work.

Afterwards a maintenance lighting district would be formed to cover the cost of the lighting.

The city of Richmond will be asked to bear the cost of at least one light in each block.

It is understood that petitions will be filed in the near future for a system of electrolights from Twenty-third street, along MacDonald avenue to San Pablo avenue.

During the coming week, the lighting committee of the council, and C. H. Cunningham, the promoter of the plan, will hold a meeting to discuss details.

Boy 7, Injured In Playground Tumble

Dallis Goshart, seven, is in the Cottage hospital suffering from serious injuries on the head as the result of a fall from a ladder at a playground yesterday afternoon.

Up to a late hour last night it was believed that his skull had fractured although no X-ray had been taken of the injury.

According to a report made at the hospital, the boy was playing

on a ladder at a play ground on Eighth street near Elm avenue when he slipped and fell to the earth, eight feet below.

He was picked up in an unconscious condition and removed to the Abbott Emergency hospital, where he was treated by Dr. L. A. Hedges. He was later removed to the Cottage hospital.

Hopes are held for his recovery.

Memorial Fountain Contract Awarded

The memorial fountain is to be built and dedicated on Armistice day. Last night at the meeting of the council City Manager McVittie stated that while the bids were higher than were expected, he thought the work should proceed, as the Richmond chapter of War Mothers were very anxious to see the memorial in place.

The contract for the work was awarded to the Piedmont Memorial

company at a cost of \$2930, and the plumbing work will be done by Spierch Brothers at a cost of \$275.

The memorial shaft will be of academy granite, and will have three bronze plaques on it containing the names of the veterans from this city, who made the supreme sacrifice during the world war.

Headlight Drive Planned By Police

Richmond motorists must adjust their headlight before Oct. 15, according to an announcement made yesterday by Chief of Police Daniel J. Cox.

A headlight campaign will be started in the East bay regions in Oct. 15 and the police of all cities between Richmond and Hay-

ward will participate. Tests will be made each night and motorists with glaring lights will be cited to appear in police court.

The move was instituted by the East Bay Safety council.

EARLY RELIEF DECLARED VITAL

"If something is not done to provide transportation for the people of East Richmond, the other members of the council will follow me to the grave," said Councilman A. L. Paulsen at the meeting of the council last night in bringing out the need of service to the eastern section of the city.

Discussion followed, every member of the council expressing himself as being in favor of doing everything possible to aid in solving a perplexing problem, and one that is becoming more acute daily.

JITNEYS FAVORED

The matter was brought to a head by Councilman Paulsen, who made a motion that the council go on record as favoring a jitney service, which was adopted by the unanimous vote of

MRS. MOITOZA DIES IN HOME

The many friends of Mrs. Angelica Emilia Moitoza, 85, will be grieved to learn of the death of the pioneer last night in her San Pablo home. The death followed a short illness at the home.

Mrs. Moitoza, the wife of Joseph G. Moitoza, was a native of the Azores Islands, coming to San Pablo in 1868 immediately after coming to this country and this made her home there ever since. She was married to Moitoza in 1872 and has taken an important part in the development of the Eastbay section. She and her husband lived on a ranch near San Pablo for many years and when cities started to grow Moitoza entered business.

She was the mother of John E. Moitoza, connected with the sheriff's office in Martinez; F. A. Moitoza, real estate dealer of Richmond; M. M. Moitoza of San Pablo; Mrs. Mary Regan of San Pablo; Anthony Moitoza, a merchant of San Francisco and the late Joseph G. Moitoza of San Francisco who died six months ago.

Funeral arrangements are in the hands of the Bert Curry parlors.

Thermometer Hits 92 In Richmond

Richmond and the entire San Francisco bay section sweltered yesterday while the thermometer here climbed to 92 and stayed there for some time. And what is more, the weather man insists that something similar will happen today.

Although the temperature was several degrees lower than the record for the year it was not enough to make things interesting.

September Record At City Bath House

September was a big month at the municipal natatorium. The receipts were \$7,217.50 and the admissions amounted to \$18,075.

FIRE LOSS SMALL

Fire loss in Richmond for September was small. The loss on buildings amounted to \$1,000 and on contents \$2600.

Punch Board Solicitor In City Bastile

One punch and out. Out of execution and into the city jail.

That was the fate of Samuel Israel of San Francisco yesterday when he was caught by George Bengley, police inspector, peddling punch boards from house to house, according to police records.

According to Bengley Israel was going from house to house offering housewives the outlawed punch board scheme on a profit sharing plan. The punch board left with the housewife, was supposed to be sold to friends and Israel intended to collect his profits later, Bengley reported.

INDUSTRIAL AID VITAL TO PUPILS

The problem of properly fitting the coming generation for its life in California's scheme of compulsory education is a perplexing one and the time is close at hand when the people of California will have to decide whether to make improvements and additions in their schools of higher learning or divert some of the college students to other fields to which they are more adapted.

Many pupils now attending high schools are not proper material for higher education and would be benefited more in preparing for future life if their efforts were turned to some useful occupation to which they are better suited.

Industrial Aid Industrial leaders can assist in this readjustment by using a plan similar to the apprentice system of old and schools can aid in

FIRE CUP WON BY RICHMOND

Through a regrettable error contained in wire reports received by the RECORD-HERALD Saturday night it was reported that Seattle had won the Thomas Ince trophy for low fire loss while Richmond had only received a "secondary reward."

The report should have read that Seattle received the Ince cup for cities over 150,000 population while Richmond was awarded a similar trophy for the lowest fire loss in cities of less than 50,000. Not only did Richmond win this cup but will hold it permanently. Fresno is the perpetual holder of the trophy for cities between 50,000 and 150,000 population.

Fire Chief W. P. Cooper who is now on his way to Philadelphia to attend the international convention of fire chiefs hopes to bring the national cup to Richmond for low fire loss for cities of less than 50,000 population.

According to reports which have been received to date, Richmond is well in the front and has an excellent opportunity of winning this cup as well.

SEVERE QUAKES REPORTED IN SOUTH

CLEVELAND, O., Oct. 8. (U.P.)—The seismograph at John Carroll university at 10 p. m. tonight recorded a very severe earthquake probably in South America or Alaska. Father Odenbach, observer reported.

The quake continued intermittently for more than half an hour, he said.

Mexico Shaken

MEXICO CITY, Oct. 8. (U.P.)—A strong earthquake which rocked this city for five minutes tonight started at 8:55, frightened thousands and caused a general exodus from homes, hotels, theaters and other buildings.

No damage was reported, although traffic was paralyzed temporarily when the power was extinguished.

INSPECTION OF HIGH SCHOOL

Richmond Union high school Parent-Teacher association will entertain in the new high school tomorrow afternoon beginning at 2:45 o'clock. Visitors will be taken on a tour of the buildings by a group of the high school girls and a tea will be served in the cafeteria.

Arrangements have been made with school officials to throw open the entire building to the public and explain the various features of the plant.

Mrs. L. J. Morris will preside over the tea and will be assisted by the following high school girls: Evelyn Hughes, Coy Bothards, Sargie Lexon, Carolyn Turkovich, Margaret McIntyre and Phillis Fulett.

On the reception committee are Mrs. L. J. Eby, Mrs. A. L. Rostor, Mrs. Mabel Chapman and Mrs. H. F. Loda, president. The following girls will act as guides: Doris Nystrom, Grace Olney, Verona Pearson, Mary Zierra, Charlotte Hicks, Georgia Perry, Edith Tesse and Lottie Giffanti. A brief business meeting has been called for 2 o'clock.

Payment On Taxes Due October 15

Payment of one half of taxes assessed against personal property secured by real property is payable Oct. 15, according to a statement issued yesterday by City Tax Collector J. O. Ford. Payments will be accepted at his offices in the city hall.

If taxes are not paid before Dec. 3 they will be classed as delinquent. If still unpaid after April 1, an additional five percent will be added.

With service clubs, the American Legion, theatres, school children, Boy Scouts and merchants giving their fullest cooperation to the observance of "Fire Prevention Week" got off to a flying start yesterday, under the direction of Assistant Fire Chief J. J. Barry.

Barry addressed the pupils of the Longfellow Junior high school yesterday morning and will be heard in other schools before the conclusion of the week. Each child was provided with a Junior Fire Marshal's inspection report to be filled in and returned to Barry. These reports suggest means for safety from fire in the questions asked. All the pupils provided with the forms were made junior fire marshals for the week. They will be distributed to other schools within the next few days and in

Los Angeles On Flight To Texas

MEACHAM FIELD, Fort Worth, Texas, Oct. 8. (U.P.)—The giant U. S. navy dirigible Los Angeles completed a successful and eventful flight from Lakehurst, N. J., to Fort Worth and came to rest at the mooring mast here at 6:33 o'clock this evening.

During the last part of the flight through Texas, the Los Angeles hovered over San Antonio as a part of the opening ceremonies of the National American Legion convention.

Charges Hurlled, Woman Slapped In Stormy Meet

A battle between women spectators, the hurling of charges and counter charges and reference to a recall between members of the council and spectators marked the session of the El Cerrito council last night.

The council, in accepting the paving of the Berkeley country club terrace tract after a heated session, received a bond of \$10,000 from the contractors to insure future repairs to the paving. A needed. The vote stood three to two in favor of the work.

Charges of "betrayer of public trust" and that the "council would be the ranspay of the contractor and engineer" the street work was accepted, were hurled by W. F. Huber, El Cerrito attorney.

After the vote of the council which showed Councilmen Charles Zimmerman and Ernest O'Brien and Mayor L. H. A. Lee voting for and Councilmen J. R. Beck and Peter Larsen voting against the approval of the work, some of the audience made direct charges

against Mayor Phil A. Lee of betrayal of confidence by his vote and that he would be run out of town.

Councilmen Larsen and J. R. Beck were congratulated for their courage in voting to protect the property owners.

In a heated discussion between Mrs. Grace McVittie and Mrs. Anna Stark, Mrs. McVittie slapped Mrs. Stark and they had to be separated by police officers.

The California Construction company filed a bond for \$10,000 guaranteeing to repair any defects designated by the majority of the council within one year.

After the motion to accept the bond of the company and approve the street assessment was made by

Richmond Postal Service Extension

Tentative plans are being formulated by the postoffice department for the extension of mail service not only to east Richmond but to the Richmond Annex district as well.

This information was given out at the meeting of the council last evening when James N. Long, postmaster, appeared and asked if some of the streets could not be placed in condition.

Long stated that Humboldt street where it was supposed to intersect with McBryde avenue, was really a dead end. City Engineer Hoffman will make the connection, so that the roadway will

be passable at all times of the year.

Long also stated that outside of San Pablo avenue there was no street leading from Richmond through the Stege district, into the Annex section.

City Manager McVittie stated that while there were some passageways through Stege to the Annex district, they were all private rights of way and there was really no public thoroughfare.

Finally after considerable discussion the matter was referred to City Attorney T. M. Caffee and City Manager McVittie for a report in the near future.

Hoover Tells Stand On Muscle Shoals

WASHINGTON, Oct. 8. (U.P.)—Herbert Hoover, republican presidential nominee, issued a statement here tonight further clarifying a statement made to the Knoxville, Tenn., New Sentinel editor, which the latter interpreted as an endorsement of continued government operation of Muscle Shoals.

His statement follows: "Some discussion has arisen in connection with Muscle Shoals. I stated at Elizabethton that:

"I do not favor any general extension of the Federal government into the operation of business in competition with its citizens."

"I further stated that: 'There are local instances where the government must enter the business field as a by-product of some great major purpose such as improvement in navigation, flood control, scientific research or national defense, but they do not vitiate the general policy to which we should adhere.'"

Al Smith Reduces Campaign Speeches

ALBANY, N. Y., Oct. 8. (U.P.)—On the assumption that democratic presidential candidates usually have talked too much and said too little, Gov. Alfred E. Smith has decided to cut down the arrangements for his border states speaking trip which will start from New York city Wednesday night.

The governor has taken the matter out of the hands of his well wishing advisors who had planned elaborate things for him to do in

Tennessee, Kentucky, Missouri, Illinois, Indiana and Ohio.

Again he has made known that he alone is running his campaign for the presidency and as a result he may make but three speeches during the short circle. These already arranged are Louisville, Ky., October 13; Sedalia, Mo., and Chicago, the week of Oct. 15. The others, which were planned for Cleveland, St. Louis or some city in Indiana, probably will not be arranged.

THE HOME NEWSPAPER

We often wonder whether the people of our modern home communities appreciate their local newspapers. It is evident that most of them do, because local newspapers are prospering more than ever before. But the local newspaper is by most people accepted as a matter of course without a realization of its true value to the community.

One prominent man, interested in the success of our newspapers, made an interesting illustration in paying his tribute to the local newspaper.

"Out yonder stands a locomotive on a railroad track," he said, "Everything about it is in order; water in the boiler, coal in the tender, engineer at the throttle, but it can't move. All it lacks is steam. Remove the newspaper from the state, take away the steam and this state or any state, would soon be a commonwealth of idle people with its credit gone. Weeds would grow in the streets, our farmers would look for pasture newer, manufacturers would depart from us and our people would seek new fields of labor."

All of which of course is true. The metropolitan paper is all right in its way. It brings us the news of the nation and of the world at large. But the home paper is a part of us, a part of the lives of the people themselves. It brings them the news of their neighbors and friends, it boosts the community in which they live and helps to promote its progress and its prosperity. Without the local newspaper the community would indeed be like the engine without steam. If there is a project on for the location of a new factory, the local newspaper is called on to boost the plan by showing what a beautiful and what a live community ours is. If new improvements are sought or new buildings are constructed it is the local newspaper which gives the encouragement and announces the proud fact of achievement to the world. It is in the local newspaper that the local merchants acquaint the people with the goods they have for sale. The metropolitan paper keeps us in touch with the world but covers too wide a field to boost our community or the merchants of our home town.

The home town ought to appreciate its newspaper and the editor must give to the home town a local newspaper worthy of the community's support. Most of them do. That is why they are on the upgrade all over the nation.

BEAUTY

Straight hair is so effective on some women that it seems a shame that the general idea that every woman, to be attractive, must have waves still persists. It is quite true that most women find curly hair most flattering but the fortunate woman who can wear their hair smooth and sleek should appreciate and make the best of their opportunities. To be really lovely, straight hair must show the results of much brushing and conscientious care. A wave sometimes will cover up broken lustreless locks to some extent, but the woman who doesn't use a curling iron or combs can count on no such disguise.

Usually to wear her hair straight, a woman should have well-proportioned, even features and at least some pretensions to real beauty.

Dear Miss Lane,
Do you really think that continued use of a curling iron is injurious to the hair? My hair looks awful unless it is curled and, although I have tried the methods you suggest, I simply cannot induce my hair to respond to a water wave.—*Belev.*

Constant use of a curling iron is certainly not beneficial to the hair, but if it is used in the hands of an expert, who appreciates the danger of pulling the hair too hard or using a too hot iron, there is no real danger to your hair.

Drapery in varied use is to be seen in almost every type of gown this season, except for sport wear. But even the latter has a decided feminine touch here and there. This dinner and evening gown was made up of transparent velvet in the lovely shade of ruby red. It has the one sided effect still so much in evidence and very long lines at both sides and at the back. A large pin of brilliant at the draped side is the only trimming. A lovely gown for almost any type of figure.

Auto Bandits In Pittsburg Holdup

PITTSBURG, Oct. 8.—Leaping onto the running board of a slowly running car, a bandit last night pressed a revolver against the side of the driver, relieved him of \$4 in cash and made his escape.

Newton Hill, 605 East Twelfth street reported to the police that as he was making a turn near the bandstand, the bandit appeared, leaped onto the running-board, forced him to drive two blocks and then told him to drive on.

Another auto robbery was followed when James Osborne of Nicholl disregarded the signals of four men standing in the middle of the road and attempted to run them down. The men scattered. The attempt took place south of the subway.

KING OF KINGS, BIBLE FILM AT CAMPUS

Cecil B. DeMille's "The King of Kings" is the big screen attraction at the Campus theatre in Berkeley this week, until Friday night.

"The King of Kings" is based on the story of the Gospels and the life of the Divine Man of Nazareth. The color and warpath of real human interest are here, conjoined with spectacular beauty and the very height of dramatic power. The story begins with the quest by the Magdalene in her zealous drawn chariot of an admirer who has forsaken her banquet board and followed an itinerant worker of miracles.

Then the story, from the redemption of the Magdalene, rises to the cleansing of the temple and the attempt to crown Jesus as King of the Jewish people. The terrific counter motive brings forth the betrayal of the Lord, the capture at Gethsemane, and the trial before Pontius Pilate, thereupon the events move to the world catastrophe on Golgotha accompanied by eclipse, storm and earthquake.

An ending of wondrous sweetness is presented by the rising from the tomb of the Christ on Easter morn and His leave-taking from the Eleven and the two Marys. With its myriad sets of New Testament scenes, fine acting of 18 stars, fine reverent sincerity "The King of Kings" has attracted capacity houses at the Campus since Saturday night.

There are other good things of the program in Berkeley at the Campus this week including a Vitaphone act and the Fox Talking news weekly.

County G. O. P. Invited Here To Fitts Meet

Notices have been sent to all parts of the county for the Hoover Curtis mass meeting in Lincoln auditorium Thursday night to be addressed by Byron Fitts, lieutenant governor and district attorney elect of Los Angeles. This address will be the first delivered by Fitts in the Hoover campaign for northern California and is expected to draw a large crowd.

The Paul Revere league, a statewide organization, and republicans of Richmond are sponsoring the mass meeting. Fitts, a World War veteran and one of the best posted men in the issues of the presidential campaign, will go into details in his address.

Mrs. Cooper Returns From Capitol Meet

Mrs. W. P. Cooper, wife of Fire Chief William P. Cooper returned to Richmond Sunday morning from Sacramento, where she attended the third annual convention of the auxiliary to the Pacific Coast Fire Chiefs' association. Mrs. Cooper was re-elected secretary for the third time.

Other officers elected during the meet included Mrs. J. H. Carille, of Vancouver, B. C. president; Mrs. Edward Grensell of Portland first vice-president; Mrs. M. Wilcox, second vice-president and Mrs. H. H. Johnson, Ventura, treasurer.

The next convention will be held next year. The place has not been set.

Mrs. Frances Jenks Dies In Glendale

Mrs. Frances Jenks, a resident of Richmond for 22 years, died in Glendale last Wednesday, according to word received here. Deceased was a native of New York and resided in California the last 26 years.

She is survived by her husband, Albert R. Jenks; two daughters, Mrs. Lillian Craycroft and Miss Nadreen Jenks of Glendale; two sisters, Mrs. Emma Hackman of Glendale and Mrs. Georgia Beane of Oakland and a niece, Mrs. Eva E. Conley.

Reports Received By City Council

Many of the reports of the department heads of the city government were filed with the council at the meeting last night.

During the past month the plumbing inspector issued 20 permits and collected \$58.40 in fees. The electrical inspector issued 65 permits and collected \$108.55 in fees.

The building inspectors report showed fees to the amount of \$229.50 representing buildings of a value of \$102,385.

New Street Light Ordered Installed

On motion of Councilman Elmer A. Martin, chairman of the lighting committee, the council last evening ordered a street light installed at the corner of Thirtieth and Roosevelt avenue.

The petition for a light at the corner of Twenty-ninth and Barrett was laid over for future consideration.

How To End Constipation

If you want to get rid of constipation for good, you must cleanse the liver of the stored-up bile and set it to working right. Remember, it's a torpid, lazy liver clogged with bile that keeps you constipated. The surplus bile poisons your whole system, causing headaches, bad breath, sallow skin, sour stomach, gas, indigestion, dizzy spells or other disagreeable symptoms.

All that any ordinary physio does is to force a bowel movement without setting at the liver. What you really need is a thorough internal cleansing with Plantax, which brings out the accumulated bile and other foul excretions.

Plantax is a most effective liver tonic compounded from the juices or extracts of harmless plants—remedies from Nature's own laboratory. It acts in a gentle, easy way—no irritation or presensitizing of the organs. Laxative pills, on the other hand, irritate the bowels and cause other drug stores.

FLAMING YOUTH PICTURED IN ROAD HOUSE

Flaming youth, a prodigal son and a gang of thieves, in a fast moving, colorful drama, "Road House," opened at the California theatre last night.

This Fox Film production is crammed with excitement from the first reel to the last and is excellently handled under the direction of Richard Rosson.

Characterizations in the picture are exceptionally well done by Maria Alba and Warren Burke, two new screen personalities, and Lionel Barrymore.

Miss Alba in the role of Sally Carroll, the girl who lures the boy into a life of dissipation, is one of the most fascinating young stars to be seen on the screen in recent months.

The other new face is Warren Burke, as Larry Grayson, who handles his "black sheep" role with the finesse of a seasoned trouper.

The usual short films will be shown.

ENTIRE CITY IN WAR ON FIRE HAZARDS

(Continued from Page 1)

REPORTS ASKED

The questions asked on the report include:

Is there any rubbish in or about the premises? Have you a metal can for ashes? Is wood piled near stove? Is wood piled near furnace or chimney in basement? Are floors under stove protected with metal? Are walls, ceiling, and partitions protected from overheating stoves, furnaces and pipes? Are unused stovepipe holes properly covered with metal? Has chimney been cleaned within one year? Are matches kept in metal box? Are matches kept out of reach of children? Do you use safety matches only? Are any connections made with rubber tubing? Is "dustless" oil map kept in metal can? Is your electric iron always disconnected when not in use? Do you get a permit from nearest Fire Station for building bonfires? Gasoline is more dangerous than dynamite. Will you try to avoid its use in the house? Have you any fire extinguishers in your home? What are the Fire Department telephone numbers? Where is the Fire Alarm Box near your home?

The Lions club and the Kiwanis club will be addressed by George E. Thompson of San Francisco at their session this week and Kenneth Smith of San Francisco will talk to the Rotarians on fire prevention.

FIRE ALARMS

One of the features of the week is the turning in of alarms to guide the fire department to a fire with the least possible delay. The first demonstration of this kind was made yesterday by Capt. S. Q. Davidson who was on duty at the American Trust company building, Tenth street and

Macdonald avenue. The first alarm was given by a fire alarm box at the corner of Tenth and Macdonald.

INDUSTRIAL AID VITAL TO PUPILS

(Continued from Page One)

altering their curriculum to help this style of pupil in better fitting himself for the struggle of life.

These thoughts expressed by W. T. Helms, superintendent of schools and president of the Richmond Service Club council yesterday noon in the Union high school cafeteria, formed a basis of discussion for the placement of youths in preparing for a future life.

Ralph Bergen, secretary of the organization who acted as chairman of the meeting which was attended by industrial and professional leaders of Richmond outlined the plans of the council and future objectives.

It is the intention, Bergen pointed out, to interest industrial leaders in the work of the council and assist in giving young men a start in life that otherwise could not be obtained. In reviewing the work of the group since its recent organization he declared that out of the 90 senior boys attending the Richmond Union high school 42 had conferred with successful men on the type of career they wished to follow after leaving school.

Macdonald avenue. Today Roseman W. V. Remell will be on duty at Twenty-third street and Macdonald avenue, branch of the American Trust company. Similar instruction will be given at the Mechanics bank tomorrow, the First National bank Thursday and the West Side branch of the American Trust company Friday. Interested citizens are invited to assist in the work of the council and acquaint themselves with the operation of the fire alarm boxes.

The American Legion at its last meeting passed a resolution endorsing Fire Prevention Week and agreed to cooperate with the fire department in putting across the program, according to H. J. Simons, adjutant of the Richmond post of the veterans. Space has been donated by W. J. Richards in the front windows of his store and Barry has placed on display a number of interesting photographs on fire prevention.

BATTLE MARKS EL CERRITO SESSION

Continued from Page One

Councilman Charles Zimmerman and seconded by Councilman Ernest O'Brien, Huber, local attorney, was allowed to speak. Huber stated that in addition to the protest filed a week ago charging

Huber also said that there was a suspicion that some of the trustees were indulgent toward the contractor and engineer and that the engineer was responsible for the work constructed as he had hired the inspectors on the improvement. In his opinion Huber stated the redress of a recall should have been used by the people before now.

Investigation of the grand jury into the alleged bribery case some time ago showed that a "Mr. Greene" had received \$15,000 in commission for street work in El Cerrito and that he had been hired by Ross Calfee as an inspector.

Huber stated, "Why should an inspector receive so much money? If you want to be a catpaw for contractor and engineer by accepting the work that's your business, but get out of the rut and do not accept the improvements." Huber concluded in addressing the council. He also thanked Councilman Peter Larsen for having the courage to voice his opinion against the acceptance of the work.

Larsen Tells Stand.

Councilman Peter Larsen said that he was not in favor of accepting the street work until it was completed and that anyone voting for its acceptance should be elsewhere.

A. G. Thompson, who appeared before the council by request of about 12 property owners, stated that Calfee had certified that the work was complete and that the contractor by filing a bond had admitted that work was not complete and that it should not be accepted. He also said that he was very doubtful if the city could accept a bond of that type as there was no provision in the statute for its acceptance.

A. J. Crocker, president of the California Construction company, informed those present that his company had not promoted the work and had done the work conscientiously and had constructed the main streets half at a time so the property owners could use them last winter.

Resolution Passed.

After the assessment had been accepted Councilman Zimmerman moved that a resolution be passed overruling the protests and ordering that a warrant be issued for the work, which was carried by the votes of Mayor Lee and Councilmen O'Brien and Zimmerman.

Councilmen J. R. Beck and Peter Larsen voted "no" on the motion. In speaking of his vote after the meeting, Councilman J. R. Beck said they had made 14 test holes which showed none with pavements of six inches in thickness and that he could not vote for the acceptance of street work where the pavement was only five inches instead of six inches as called for in the plans and specifications.

Fire Prevention Will Be Topic At Lion's Luncheon

Fire prevention work will feature the session of the Richmond Lion's club today at Hotel Carquinez.

George E. Townsend of San Francisco will be the speaker of the day and he will tell of prevention of fires. Assistant Fire Chief J. J. Barry will also present a demonstration of the use of fire alarm boxes, fire extinguishers and the latest methods used in combating fires.

A musical program for the day has been arranged.

MARRIAGE LICENSES

Application for a marriage license was made in Martinez yesterday by H. L. Combs, 38, and Miss Doris Davis, 22, both of Richmond.

Fred J. Feichtinger, 34, of Richmond and Marie Grissler of Oakland, applied for a license to marry in Oakland Saturday.

City Council Favorable To Jitney Service

those present.

Paulsen said that surveys had been made, data turned over to the officials of the Southern Pacific, meetings had been held and it was anticipated that a bus system might be inaugurated, but so far all efforts had failed.

Several parties have spoken to me about the putting on of jitneys," said Paulsen "and I believe such a service, while not exactly what we desire would help in solving the present mix-up. I think this body should go on record as being in favor of the establishment of such a service, starting on San Pablo avenue near the northern city limits then running down the avenue to Barrett, then down Barrett to Tenth street. This would help the people of that section in reaching the business district of the city.

ORDINANCE CITED

McVittie called the attention of the council to a jitney ordinance now in effect, that would have to be amended before "new jitneys" were established.

As the granting of permits for this class of service is one of the powers of the railroad commission, all applications would have to go before that body, but it is not believed there would be any trouble from that source.

PITTSBURG, Oct. 8.—All county records for amount of fines collected in one day were broken recently when 11 men pleaded guilty to a charge of possession of intoxicating liquor and was fined \$500 by Justice of the Peace Arthur A. Alstrom.

Molino was originally charged with maintaining a common nuisance under the Wright Act. The case against Joe Molino, his brother, also arrested at the time of the raids, was dismissed. Thomas M. Carlson was attorney for the defendants.

John Odioso, M. M. Molitza, J. F. Nunes and Joe Mattencel, arrested on the same night as the Molinos, will appear in court today to answer to charges of sales and possession of liquor.

Realtors Attend State Convention

Richmond realtors yesterday morning joined the caravan of Bay District real estate men headed for the state convention in Sacramento which opened its sessions yesterday. Nearly 100 cars were in the caravan which passed through Richmond.

The caravan was made up of members from Alameda, Contra Costa, San Mateo, Marin, San Francisco and Santa Clara counties. M. A. Hays was among those leaving yesterday and Mrs. W. H. Sanford and Miss Angeles Sanford left last night.

GO TO CHURCH SUNDAY HELD SUCCESS

Churches of Richmond were crowded Sunday when "Go To Church" Sunday was observed. Special prepared sermons by the pastors and special musical programs featured the services in the various churches. Ministers of the city are pleased with the response given by the people of Richmond.

The event was held under the direction of the Ministerial Alliance and all the churches cooperated for the success of the day.

The First Methodist church, the oldest church of any denomination in the city, celebrated its twenty-eighth anniversary. Mayor Mattie A. Chandler was one of the speakers and many pioneer residents of the city attended the services. The First Methodist church was founded Oct. 8, 1900.

MOLINO FINED ON RUM COUNT

Henry Molino of El Cerrito, arrested in raids staged by the county prohibition squad several days ago, yesterday entered a plea of guilty to a charge of possession of intoxicating liquor and was fined \$500 by Justice of the Peace Arthur A. Alstrom.

Molino was originally charged with maintaining a common nuisance under the Wright Act. The case against Joe Molino, his brother, also arrested at the time of the raids, was dismissed. Thomas M. Carlson was attorney for the defendants.

Kidnap Slayer Loses In Try To Halt Hanging

(Continued from Page 1)

Walsh may visit a majority of the nine members of the court before he gives up his last efforts, he indicated.

Hickman is under sentence to be hanged in San Quentin prison Oct. 19—a week from Friday. Only executive clemency by the California governor could save him if all members of the court refuse to grant the appeal from the California supreme court decision approving the conviction and sentence.

Walsh's constitutional question, on which he is trying to bring the case of the kidnaper-murderer into the highest court, is based on a charge that the new California criminal law is a violation of the Federal constitution. Specifically, he attacks the clause which provides that when a plea of "not guilty by reason of insanity" is entered, — as Hickman pleaded—the accused is presumed to have committed the crime with which he is charged.

Walsh said the two justices he visited today were courteous in their reception of him. His conference with Justice Sutherland lasted nearly an hour, but he emerged from his meeting with Justice Brandeis within a few minutes.

Graf Zeppelin Ready For Hop Over Atlantic

FRIEDRICHSHAPE, Germany, Oct. 8.—Dr. Hugo Eckener said tonight that when the great silver dirigible Graf Zeppelin is next taken from the hangar she will head westward over the Atlantic ocean for New York.

The start probably will be made Wednesday morning, but that date is not definite and depends entirely upon weather conditions.

The final test flight was made over Lake Constance and the final inspection of instruments which must carry the huge craft across the ocean was made. Navigation instruments and radio sets, on which the Zeppelin must depend for information as to whether conditions ahead and to seek her safety toward the American continent, were found in excellent condition.

Richmond Masons At Grand Lodge

Masters and wardens of Harbor, Alpha, McKinley and Richmond chapters of Royal Arch Masons are attending the grand lodge sessions in Masonic temple, Van Ness avenue and Market street, San Francisco. The convention is being held throughout the week.

Owing to the officers being at the session, there was no meeting of Harbor lodge last night.

Boys Hi-Y Club To Initiate 19

The Boys Hi-Y club will initiate 19 into membership tonight in the Y. M. C. A. The executive board of the club, headed by Frank Felix, held a special meeting last night to arrange for the initiation.

Several events are planned for the future including a co-ed party Oct. 20, and a joint party with the Girls Hi-Y Nov. 2. Donald Seawright is chairman of the committee arranging for the latter event.

The basketball tournament will begin Oct. 10.

altering their curriculum to help this style of pupil in better fitting himself for the struggle of life.

These thoughts expressed by W. T. Helms, superintendent of schools and president of the Richmond Service Club council yesterday noon in the Union high school cafeteria, formed a basis of discussion for the placement of youths in preparing for a future life.

Ralph Bergen, secretary of the organization who acted as chairman of the meeting which was attended by industrial and professional leaders of Richmond outlined the plans of the council and future objectives.

It is the intention, Bergen pointed out, to interest industrial leaders in the work of the council and assist in giving young men a start in life that otherwise could not be obtained. In reviewing the work of the group since its recent organization he declared that out of the 90 senior boys attending the Richmond Union high school 42 had conferred with successful men on the type of career they wished to follow after leaving school.

SPORTS

RICHMOND NET TITLE PLAY NEARS END

The finals of the tennis matches for the championship of Contra Costa county will be played at the Richmond tennis courts next Saturday or Sunday, according to an announcement made yesterday by A. S. Kemell, chairman of the tennis matches committee here.

John Murto and George Hirschfeld led the play in the matches on the Richmond court Sunday by advancing to the final quarter. Murto defeated Bob Benjamin of Oakland in the second round and defeated Fred Haas in the third round match. George Hirschfeld playing his only single match of the day was too much for Sam Wells in the third flight.

Budge Robinson Game
The hardest match of the day was the Budge-Robinson affair which was won by Robinson. The Haas-Loustan match was won by Haas and Kurt Berndt defeated L. A. Kline of Berkeley. E. A. Klein of the Oakland club finally lost to Herb Knudsen in a three set match. This was Klein's first appearance here and the fans marveled at the 57 year old man's strokes. George Green had no easy task in disposing of E. M. Vinson.

Surr and Randall advanced to the semi-finals in the double play by defeating Benjamin and Stickeney of Oakland, 6-2 and 6-3 and then disposed of Bryant and Peterson, 6-2 and 6-3. Hornsberger and May defeated Chasseur and Budge, and Robinson and Sewell of Oakland defeated Knudsen and Arnold.

Match Results
The results were as follows: Stone defeated Surr, 6-0 6-4; Kline defeated Horns, 6-3 6-1 6-4; Budge defeated Robinson 7-5 4-6 6-3; Berndt defeated Carl Holmes 6-1 6-3; Hornsberger defeated Yates by default; Weinberg defeated Clare Bryant, 6-2 6-3; Wells defeated Hallman by default; Green defeated Vincent 7-5 7-5; Knudsen defeated Klein 5-7 6-2 6-1; Malcomson defeated DeGiere 5-7 6-3; Ebersson defeated Ellwood 6-0 6-2; Murto defeated Benjamin 6-1 6-3; Haas defeated Loustan 6-3 2-6 6-3; Hotchkiss defeated Dorna 8-6 2-6 6-3; Chasseur defeated Helmes 6-2 6-4.

Third round: John Murto defeated Haas 6-0 6-3; Berndt defeated Klein 6-0 6-0; Hirschfeld defeated Sam Wells 6-0 6-1.

Donbles
First round: Ellwood and Ellgood defeated Harper and Yates by default; Hirschfeld and Greenleaf defeated Olney and Hitchner by default; Gladman and Connely defeated Surr and Beale 6-2 1-6 and 6-2; Holmes and Holmes, defeated.

CARDS READY TO TRY LUCK IN FOURTH

ST. LOUIS, Oct. 8.—(U.P.)—One of the brightest and most cheerful suns that ever beamed upon a ball field shone down on Sportsmen's park all this long, hot Indian summer afternoon, but it didn't shine upon a ball game.

Sunlight glinted on the bare white thatch of Judge Kenesaw Mountain Landis, causing the august high commissioner to shield his eyes against the glare and wonder why he had called off the fourth game of the 1928 world series between the Yankees and Cardinals, because of rain.

Here and there in the vast expanses of the outfield at the Cardinals' ball park, little puddles of rain water sparkled in the sun as reminders of a mounting down-pour. It rained more or less steadily from midnight until mid-morning, and if an attempt had been made to play the game, the outfielders undoubtedly would have gotten their feet wet. Overhead the day was as gray and bleak as could be, causing one unhappy out of town fan to remark, when he heard of the postponement: "Well, they have a nice day for it."

Game Called Off
Judge Landis called off the game at 10 a. m. when scouts in rubber boots and makintoshes came swishing back from Sportsmen's park with word that the playing field was unfit for a world series game. Fifteen minutes later the sun was drying the turf and steaming the moisture from unprotected bleacher seats, making it seem certain the series would be resumed at 1 p. m. Tuesday.

It will be the White Hoyt against Willie Sherdel again just as it was in the opener at Yankee Stadium, and the odds favor the American league champions to make it four straight over the Cardinals. The additional day of rest was welcomed by the Yankees, but not by the Cardinals. The latter are already counting upon spending their share of the world series spoils and are eager to be about it as soon as possible.

Unexpected Break
Just as a harder you misses his stride comes a cropper over a barrier, so is a ball club, swinging along in a winning series sometimes upset by an unexpected break in its victorious progress. The hope of the Cardinals was that the Yankees would lose the rhythm of successful ball playing during the day's delay.

There is a semblance of hope here and there in St. Louis, and only the faintest of semblances of the most fervent of hopes at that, that the Cards might start their scratch Tuesday and win three straight ball games, just as the American leaguers have done.

Willie Sherdel may start his club on one right road Tuesday. The odds are 12 to 1 in mud bets that the Red Birds can't overcome their losing complex, but certainly the day off gave them authority to pull themselves together and go down, if they must, with color flying.

Three Lost
Having lost to the Yankees three times in a row, the Cards were beginning to feel that they were simply outclassed and that was all there was to it.

"We're over that idea now," said Bill McKechnie. "We've been terrible. I admit, but we know we can do better. This series is just starting, as far as we are concerned."

The Yankees deposited themselves on their day of rest, each in his own fashion. The Cards, however, devoted part of the day to "skull practice."

Ordinarily a club which wins a pennant is supposed to be sufficiently drilled in the rudiments of baseball, but the Red Birds gave no evidence of such intelligence in Sunday's game, and Bill McKechnie outlined to them a few simple rules.

Aside from the possible advantage of the National league champions in the way of furnishing them an opportunity to feel they are making a fresh start, the postponement had little effect upon the series.

Larry Semon Funeral To Be Held In East

HOLLYWOOD, Oct. 8.—(U.P.)—Larry Semon, once the king of film comedians, will be buried far from Hollywood, where he won fame and then lost his fortune and his health.

After the death of the actor at a desert sanitarium near Victorville early today, members of his family announced that interment would be in Philadelphia.

Dorothy Dwan, the comedian's wife, and her mother, Mrs. Nancy Smith, today received thousands of messages of condolence from movie fans throughout the nation, both were with the actor through his last hours.

Semon and Miss Dwan were married in 1925 after they had worked together in the pictures.

Fender System To Be Improved
The fender system at wharf No. 2 is in bad shape and is to be repaired immediately. The work will be done by the San Francisco Bridge company at a cost of \$2912 and eucalyptus piles are to be used.

The contract was awarded to this firm at the meeting of the council last night on the recommendation of City Manager J. A. McVittie.

Bragging About Fish Lands Man In Tolls Of Law
MARTINEZ, Oct. 8.—George C. Carson, 817 Carleton street, Oakland, was proud of his day's catch. Halting in front of a local hotel he gleefully held his string of bass up in order that all might see the "beauties." In the crowd of interest on-lookers was T. W. Adams, deputy game commissioner. Adams spoke a few words into Carson's ear.

Carson is scheduled to appear before Justice Frank Glass and explain why he had eleven bass when the legal limit is five.

PACIFIC COAST SERIES OPENS TOMORROW

The coast league championship games start tomorrow and San Francisco and Sacramento are on their toes. Sacramento murdered the Seals Sunday 10-7 at Recreation park for the championship of the second half and earned the pleasure of battling the Seals for the league championship.

This has been the longest season in the history of the Coast league, but it is expected that the boys will be out of the trenches by Christmas.

The Seals are 5 to 1 favorites to take the championship, but that of course is just pre-championship dope.

Had the Seals been able to take Sunday's game they would have divided a purse of \$15,000 among themselves. But, should they lose the championship they will collect \$6,000 and the Seals will grab \$9,000.

The first game will be at San Francisco tomorrow and the second and third games will be played in Sacramento Thursday and Friday. The fourth and fifth are scheduled to San Francisco Saturday and Sunday and should the sixth and seventh games be needed they will be played at San Francisco Tuesday and Wednesday on Wednesday of next week.

Convenience urges an Extension Telephone
Just as you appreciate running water in more than one room in the house, so you would appreciate an extension telephone. Its cost is only a few cents a day; its convenience is great, and sometimes it is even a factor in guarding the safety of your household.

This home of two stories has its main telephone in the dining room and an extension in the owner's bedroom.

An extension in the owner's bedroom is convenient for the housewife by day, and makes the telephone readily available by night.
The cost is very small. Call our business office and say "I want an extension telephone."

CAN AVALANCHE HITS LOCAL THEATER

A. J. Crawford, manager of the Richmond West Coast theater, has one of the most diversified assortments of the coast in the state.

Cause of all sizes and shapes and all degrees of cleanliness filled the fobbies of the California and Richmond theaters last night. It was West Coast theaters contribution to fire prevention week by cleaning up rubbish piles.

The cans were accepted in place of money from children for admittance to the show. Competition was keen in the race to bring the largest or smallest can, for that entitles the owner to a week's pass at the theater. There were plenty of large cans, but Donald Follett captured all laurels by presenting a 50 gallon oil can of an ancient vintage. He needed assistance of two other boys to bring the can to the theater, but he got it there and received a pass.

Then there was the smallest can competition captured by Norman Weese who brought a can smaller than a thimble. Its smallness was heightened when it was placed on display on top of the huge oil can.

With the array of cans collected last night, Crawford is wondering where any more can be found for tonight, the close of the contest. But he expects plenty.

Local Officials At City Meet In San Bernardino

Mayor Mattie A. Chandler and Councilman W. W. Scott left last night on the "Owl" for San Bernardino to attend the thirteenth annual convention of the California League of Municipalities which opens today. Councilman A. B. Hinkle and Edward A. Hoffman, city engineer, will leave today by automobile for the conference.

Dr. J. O. Church, county health officer, will address the gathering tomorrow on the relation of the health department to industrial health. Dr. Carol Aronovitch, city planning expert for Richmond, is scheduled to lead the regional and small cities planning program the latter part of the week.

H.A. JOHNSTON BOOSTER MEET TOMORROW

What the East Bay Municipal Utility district has accomplished to date, and what its plans are for the immediate future, will be set forth at a mass meeting at the Leamington hotel in Oakland tomorrow night it was announced yesterday.

Dr. George C. Pardee, president of the district, will discuss the plans of the organization and will ask the voters to help in electing Henry A. Johnston of Richmond as a director to help work out those plans. Pardee will urge the election of Johnston and the defeat of the incumbent, James H. Boyer.

Thomas M. Carlson, city attorney of Richmond, will tell of the achievements of the candidates and will express the feeling of the "home folks" toward him. Johnston himself will make a short address outlining his policies and promising constructive cooperation with the other four members of the board it was said.

Dr. Pardee will tell of the problems recently met in arriving at a price with the East Bay Water company, and is expected to make some intimation as to the time that may be consumed before the district can take over the distribution plant and enter the water business.

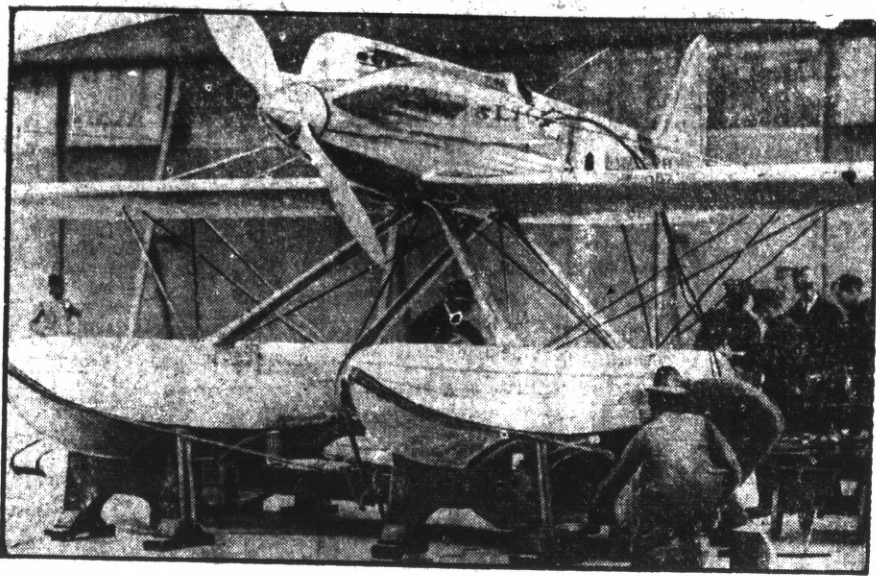

Fred M. Morcom, who was chairman of the committee that carried the \$20,000,000 water distribution bond campaign by test to one last November, will be chairman at the meeting and will give his own reasons for urging the defeat of Boyer and the election of Johnston. The meeting will be attended by Al Latham and Grant D. Miller, also incumbent directors who are running without opposition and who have linked their names with Johnston in forming the "Miller-Latham-Johnston club."

Accident Victim Returned To Home

Pedro Querio of Richmond was returned home from the Cottage hospital yesterday where he was treated for injuries sustained in an automobile accident Saturday night. He was treated by Dr. J. W. Bumgarner for a broken nose, broken left collar bone and cuts about the face.

LOCAL BANDITS TRAILED BY POLICE

Richmond police continued the search last night for two bandits who entered the Fourth street garage near Macdonald avenue yesterday morning and escaped with \$15 from the till.

The pair, operating in broad daylight, entered the garage while Lloyd Cordell, the owner, was in the rear of the shop. First indication that the place had been robbed, was when Cordell heard the bell on the cash register ring. As he hurried to the office, two men, whom he declared he knew, ran from the shop, jumped into a waiting machine, and escaped. Captain of Police Louis E. Jones is in charge of the search and expects to arrest the two within twenty-four hours.

El Cerrito Den Of Lions Holds Ladies Night

District Governor Jack McDonald of San Francisco and Mrs. McDonald were honored guests at the ladies night celebration of the El Cerrito Lions' club last night at Topsy's Roost. McDonald in a short talk complemented the El Cerrito club on its rapid growth. The guests were presented with a beautiful big basket of flowers.

Wilbur Pierce, Oakland attorney, was the main speaker of the evening. He talked on the aims and ideals of the Lions clubs. Mrs. Ross Calfee was a featured soloist on the musical program. She sang several numbers. The affair was arranged for by W. H. Higgins, Steve Bertone and Frank Blomberg.

Topsy's Roost To Be Improved

An addition will be built to the building occupied by Topsy's Roost on San Pablo avenue between Fink lane and Bay View avenue, according to a permit issued yesterday by Arthur J. Hurley, city building inspector. The cost of the work will amount to \$1000 and Frank Silveria is the contractor. Kurt and Costello are the owners.

A permit was issued to Alvin Fischer to glass-in a porch of a dwelling on the south side of Roosevelt avenue between Twentieth and Twenty-first streets. E. A. F. Carson is the contractor. The cost will amount to \$125.

Karl Klaiber Back From Trip

Karl Klaiber of 2640 Esmond avenue, has returned from Denver where he spent the last 14 weeks for his health. Council Adopts New Wiring Law For Richmond

The old city ordinance governing electrical wiring will be repealed and a new one will be adopted that is in keeping with similar ordinances in other cities. The first reading of the new ordinance was given at the meeting of the council last evening, and it will be adopted at the meeting next Monday night.

The rules of the National Board of Fire Underwriters governing electrical wiring are made a part of the new ordinance. All electrical contractors will have to secure a license from the tax collector and pay a fee of \$100 a year. He must also file an approved bond with the council in the sum of \$500.

Fees for the different classes of electrical work are set forth in the new ordinance.

First Methodist Church Observes 28th Birthday

The twenty-eighth anniversary of the First Methodist church of Richmond was celebrated at special services in the church Sunday. Mayor Mattie Chandler and her family were guests at the affair.

A plea for larger church attendance and loyalty to the church was expressed by Mayor Chandler in a brief address. She congratulated the church on its growth and hoped that the church would continue to grow as it has done in the past.

Rev. F. H. Prince preached a special sermon on "Sunshine and Shadows." Musical numbers were provided by M. Glass, and Mrs. James Stuart.

A birthday cake, lighted by twenty-eight candles was cut by Mrs. C. E. Adams and Mrs. E. L. Scofield, members of the first congregation.

C. OF C. URGES PREVENTION OF FIRES

Richmond pays its share of the \$15,000,000 annual fire loss in the United States, and the chamber of commerce yesterday urged local residents to interest themselves in Fire Prevention Week and do their bit toward reducing fire losses here.

Attention was called to the community service which is constantly being rendered by the fire department.

"Until a few years ago," said a statement by the chamber, "the only duty of the department was to extinguish fires after they had been started. During the recent years, though, the scope of fire department work has been broadened to include fire prevention. This is in recognition of the axiom that the easiest fire to put out is the one that has never started."

"Our fire department is cooperating with others throughout the entire country in carrying on this important work. The fire chiefs own organization, the International Association of Fire Engineers, is an active member of the National Fire Waste Council which is affiliated with the Insurance Department of the Chamber of Commerce of the United States in conducting a nationwide program of fire prevention among chambers of commerce and trade associations."

"There are many ways in which citizens can cooperate with the fire department who visit their establishments to make inspections. Any citizen noting a fire hazard, such as an accumulation of rubbish or combustible material, should report it to the fire department. The chief would then take immediate steps to remove the danger."

"Always remember, the firemen must have the support of all citizens if fire losses are to be kept at a minimum. An excellent fire department can not make fire prevention an actuality unless the public is doing its share. When fire prevention becomes a common practice in this community, the fire department will be able to spend less time in fire fighting and more in removing potential hazards."

Chief of Police Dan Cox's report filed with the council last evening showed property reported stolen during the past month of a value of \$2620.75. Of this amount \$628.75 was recovered.

Reports Made To El Cerrito City Council

Report of Police Judge J. F. Plank for September showed \$188 collected for the violation of motor vehicle laws and \$7 collected for violation of city ordinance.

Herbert Wood, building inspector, reported building permits issued during September totaling \$25,417.

Tax collections by Tax Collector R. R. Cheek for September were \$186 as shown on the report to the council.

City Treasurer Cora J. M. Simpson reported balances in the following funds on hand October 1: Fire bond fund, \$1861.20; street improvement fund, \$16,842.42; and general fund of \$1,382.72.

As no protest were received by the council of El Cerrito confirmed the assessment on the sewer improvement on Malina avenue Monday night.

Last Respects For Donald E. Faria

Funeral services were held from St. Patrick's church in Rodeo yesterday morning for Donald E. Faria of Rodeo, brother of Mrs. Eleanor Robero of San Pablo. Father Phillips officiated and interment was at Benicia.

Deceased who was an employee of the Union Oil company died Saturday in Belmont after a lingering illness. In addition to his sister, he is survived by his mother, Mrs. A. P. Faria of Rodeo and four brothers, Frank, George, Anthony and Harry, all of Rodeo.

COUNCIL CALLS FOR BID ON TENTH ST.

No protests were received by the council last evening against the proposed grading and filling of Tenth street, south. Bids for the work were ordered and they will be opened on Oct. 22.

"As soon as this work is completed the work of improving the street will start, and carried on as rapidly as possible. The improving of this street is a part of the agreement entered into by the city with Ford Motor company, at the time it purchased its 65 acre site on the water front."

BACK FROM SOUTH
Miss Irene Powers and Mrs. Evelyn Crow have returned to their positions at the LaMoine's Ninth street store after a vacation spent in Los Angeles. During the trip they visited Tijuana.
